Skyline Math and Science Academy

JMC Information for Skyline Parents

Dear Skyline Parents, we use JMC which is an online student database application for students' information, attendance, state reporting, and grading. JMC is an online tool to communicate and update parents in addition to phone calls, emails, and in-person meeting.

To login into JMC as a Skyline Parent, type the link below on your browser:

Click on Login

On top left drop down you will see the student names to choose for which student information you would like to see and check.

Click on Academics and then on Alert Configuration.

Under Family Lunch Balance Alert - you can put the dollar amount and click on save if you like to receive an email when your child balance goes under the certain amount. (This is only for families who take the food from school and don't qualify for free or reduced)

Under Period Attendance - you can put check marks and click on save if you like to receive an email when your child is absent or tardy.

Under Missing Scores Alert - you can put check marks if you like to receive an email or text message when your child has missing scores assignments.

Under Grade Alert - you can put percentage number if you like to receive an email if your child's grade percentage is below the percentage you enter for a class. (You need to enter

it for each class, For example depending in your child ability, if you put 90, if the grade percentage below 90 is not an A, 80 for B, 70 for C, and 60 for D).

Click on Report Cards/Transcript and then Report Cards to see the reports card when available.

Click on Lunch to see the student meals and transactions.

Click on Parent information to verify your contact information is correct or if there is anything that needs to be updated.
