## 592 ATTENDANCE AND TRUANCY

### I. PHILOSOPHY AND PURPOSE

The School Board believes that regular attendance in school and punctuality in being at school and in class on time are important factors in determining a student's success in academic work, including success in meeting state and local requirements for graduation.

Students who attend school consistently and are on time develop better socially, establish better communication with their teachers, acquire important lifetime habits such as dependability, self-sufficiency, and responsibility and have more success academically.

Each child who is between seven (7) and eighteen (18) years of age shall be enrolled and attend school. This policy recognizes that school attendance is the responsibility of the student and parent/guardian, supported by the teachers and administration. Therefore, the purpose of this policy is to encourage regular school attendance and punctuality so that learning can take place. It is intended to be positive and not punitive, and all measures taken will be in the students' best interest. This policy will assist families and school personnel in making attendance decisions.

### II. SHARED RESPONSIBILITY

The School Board recognizes that class attendance is a responsibility shared by the student, parent or guardian, and the school. This policy is intended to involve all parties in promoting regular school attendance.
