

FEBRUARY Skyline Math and Science Academy Newsletter, ISSUE # 7

A Month of Knowledge, Engagement, and Reflection

February at Skyline Math and Science Academy was a celebration of knowledge, community engagement, and the enduring values that guide us. Throughout the month, our students, staff, and families came together in a series of events that highlighted our collective commitment to excellence, inclusivity, and civic responsibility.

Day to Remember: Knowledge Fair and Parent Night

Our Knowledge Fair Day and Parent Night on February 14th provided a unique and heartwarming opportunity to celebrate the intellectual achievements of our students. The event was a testament to the love of learning that thrives within our community. Students proudly presented their projects and research, offering insights into their academic journeys and the topics that ignite their passion. This event not only showcased the academic talents of our students but also strengthened the ties between our school and the wider community, reinforcing the collaborative spirit that is central to our educational philosophy.

Reflecting on Leadership: President's Day Observance

The observance of President's Day on February 19th offered our community a moment to reflect on the importance of leadership, civic responsibility, and the role each of us plays in shaping our society. It was a day of thoughtful contemplation, reminding us of the values that underpin our democracy and the significance of contributing positively to our community and nation.

Supporting Our Diverse Learners: WIDA ACCESS for ELL Testing

As February drew to a close, we commenced the WIDA ACCESS for ELL Testing on February 26th, embarking on a crucial phase of assessment and support for our English Language Learner (ELL) students. This testing period underscores our unwavering commitment to inclusivity and providing every student with the resources and support they need to succeed academically. It is a reflection of our dedication to ensuring that our learning environment is accessible, welcoming, and supportive for all students, regardless of their linguistic background.

WIDATM
ACCESS for ELLs

Warm regards,

The Skyline Math and Science Academy Team
